

2020 IMPACT REPORT

We can all agree that 2020 was a tough year! Our community — young people with disabilities and their families — was hit particularly hard by the COVID-19 pandemic. So, when New York shut down in March, we jumped into action to make sure our families had the support, information, and resources they needed to get through this difficult time. **Take a look at what we accomplished:**

385 FAMILIES

attended programs
in 2020

207 of those
were new to
Extreme
Kids!

We facilitated

15 ONLINE PROGRAMS

resulting in more than
400 HOURS
of programming

More than
**100 CAREGIVERS
& EDUCATORS**

joined our panel on the
intersection of disability & race

“Having the opportunity to listen to these wonderful people speak so honestly and openly about their experiences and studies was a privilege!

before.

Virtual after-school and summer
camp expanded to engage

We started

Red Hook
location.

STRATEGIC PLANNING

Despite uncertainty due to the pandemic, we remain resolute in our commitment to **intentional growth**. With a new three-year strategic plan in place, Extreme Kids & Crew enters 2021 with the goal of becoming the NYC community hub for young people with disabilities and their crews by expanding equitable opportunities regardless of disability, race, ethnicity, income, or gender identity.

TAKING ACTION

We are committed to moving from being a multicultural organization to an actively anti-racist organization with culturally competent programming. This means reevaluating our curriculum, ensuring online accessibility, and fostering internal conversations about allyship — work that will continue into 2021 and for years to come.

OUR WORK IS NOT DONE

**Because of your support,
in 2021 we will be able to...**

Engage neurodiverse
teens with programming
tailored to their
interests

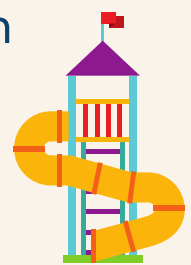

Design an after-school
and summer camp pilot
program that will expand
across NYC

Amplify voices from the
disability community
through events and
original content

Design and launch
a search for an
Extreme Kids &
Crew dedicated
location
